From the editor.....

Apologies for the late newsletter, the silly season has a way of doing that to schedules.

The new look web site is almost here, with any luck I hope to release it before the end of November. It features a new look and I believe an easier menu system. Thanks to those who have offered their help.

As the end of year competitions will have their photos collected tomorrow night good luck to those entering. Which reminds me I have another job to do tonight :).

For this month's web site, take a look at www.lensflare35.com which has a great range of interviews with photographers, I think their tag line "Exposing the great masters of photography" is a bold statement but the photographers certainly seem to be of a high calibre.

Great light everyone...

Mike
